

Commission of Deaf, Deafblind, and Hard of Hearing Minnesotans

**CALL/EMAIL SENATE EDUCATION COMMITTEE ASAP AND
ASK THAT THEY INCLUDE THE MDS-MNSA CASHFLOW BILL
SF3000 IN ED OMNIBUS BILL**

We were told late Tuesday that our bill will not be in tomorrow's omnibus finance bill. The policy bill will come out next week. Some say that our bill will make the funding shift permanent and they don't want to do it. Call or email today or ASAP! The House has us in. We need the Senate to do the same! Send this to your friends. They need to hear from as many of us as possible. Next week we need to fill the room. Will give you details when they schedule the meeting.

TAKE ACTION

First, thank Senator Salzman for fighting for us and ask her to keep fighting:
sen.kathy.salzman@senate.mn 651-296-4166

Next call/email the Senate Education legislators. If you call, here is suggested language:

"Please include SF3000 in the Education Omnibus Bill. The school cannot survive without it."

If you email, use the same language as above, and do not send a group email. Also, make sure to put "Please Include SF3000 in Ed Omnibus Bill" on the subject line.

If you are a constituent, include that on the subject line too.
